### 4. Finance

- John presented a set of accounts for the last year and stated that the monthly standing orders were now nearly £100 and the Gift Aid received from HM Revenue and Customs was £394.50. The bank balance stood at £30,875.16 of which £20,000 is emergency fund and £5665 from Lottery for Signage and Access Project (£818 having already been paid to Mustard Creative for leaflet design). As the smallest cheque that can be drawn from Ipswich Building Society is £25 John keeps a Petty Cash float of £100 for any small outgoings.

It was agreed that Expenses claims would be itemised on the accounts to have a clearer idea of what money spent on, eg. mowing which includes fuel and maintenance.

- Matt Waters of Lovewell Blake (local Accountants) has kindly agreed to sign off Annual Accounts free of charge. **John** will arrange to take them to him.,
- Richard explained the government grants from DEFRA (Department for Environment, Food and Rural Affairs)

Application had recently been made to the Rural Payments Agency for the Basic Payments Scheme (which had taken over from Single Payments Scheme) and the grant amounts to about £3000 a year. Don took the information on BPS and Cross Compliance to study.

(Cross Compliance is a term used to refer to the requirement for farmers to comply with a set of Statutory Management Requirements (SMR) and also ensure that the land is in Good Agricultural and Environmental Condition (GAEC) so that they can qualify for a full payment. Richard fills in the Soil Protection Standards form annually in December) **Don** took BPS information away to study. Environmental Stewardship is received from Natural England (used to be Entry Level Stewardship) and amounts to about £500 a year.

- Tim (Blythweb) had responded to Dale's query regarding certain glitches on the website and said that a newer version would be the answer. **Sal** would ask Dale to find out how much this might cost.

### 5. Awards for All Project – the grant must be spent by 8<sup>th</sup> January 2016
