

Love the Green?

There is one way you could **really** help!
We're on the lookout for a Work-Party Leader

You would:

- organise and run the Green's weekly volunteer work-parties which carry out the seasonal cycle of management tasks needed to maintain both access for people and a varied habitat for nature. The Green has a comprehensive Management Plan which generates a list of annual and occasional tasks for each part of the Green. Find this on the website under 'Our Activities/Practical Management' ;
- ensure that the tools and mowers needed are maintained and ready to use

You are:

- possibly experienced in organising volunteers but not necessarily;
- possibly from a background in conservation but not necessarily.

Get in touch for more details about what's involved in being the work-party leader. Contact thegreen@halesworth.net to set up an informal chat.

Find the Management Plan and other information at www.millenniumgreen.halesworth.net
