

## Volunteering at Millennium Green work parties

- Work parties are most Wednesdays at 9:30 lasting for a couple of hours with a break in the middle.
- We do a variety of tasks, depending on the season.
- Work at our own individual pace. The intention is to enjoy some healthy outdoor exercise.
- We are a friendly interactive group with opportunities for chats etc,
- Learn new skills or share your existing skills and experience with us
- A significant motivation can be seeing how much can be achieved by a small group working together for a couple of hours
- Everyone is welcome to our mixed group
- We usually meet at the containers near the Blyth Rd entrance to the Green. If you join our volunteers mailing list you will get a weekly email with information about the time and location of that week's work party or whether it might be cancelled for weather or other reasons
- You can park in Blyth Rd. Otherwise walk through the Green from the town park, Quay Street or Holton Road entrances.
- We may be working anywhere on the 55 acre site, so try to be on time for the 9:30 start. Otherwise come and find us.
- All tools are provided, as are work gloves, although many volunteers prefer to bring their own gloves
- Wear sturdy boots or shoes. The ground is uneven, may be muddy and we may be working in undergrowth.
- Please don't bring your dog. With tools and machines in use we do not encourage dogs at our work parties.
- Please note there are no toilets. The nearest toilet and handwashing facility is at the town park
- To join our work parties, email: [thegreen@halesworth.net](mailto:thegreen@halesworth.net)
